

From 2^e to 3G!

Introducing the Maybank2^e.net-Maxis
3G Partnership

As a Maybank customer/employee, you're set to enjoy even greater freedom and flexibility in your internet business banking transactions.

Becoming the first bank in Malaysia to utilise mobile broadband technology, Maybank has teamed up with Maxis 3G to form the Maybank2^e.net-Maxis 3G Partnership – a mobile internet service affording you the luxury of banking on-the-go.

The Maybank2^e.net-Maxis3G Partnership offers customers and employees like you access to Maybank2^e.net at broadband speeds six times faster than GPRS (you'll be operating over a connection that's as fast as your PC's) wherever you are, whenever you want!
